

# SESTARI, FLÁVIO HENRIQUE

Brazilian, 26 years old, single, born in Jardinópolis-SP.  
Living in São Paulo-SP-Brazil (Itaim Bibi – Southern Zone).  
**email:** flavio@sestari.com **mobile:** +55 (19) 9152-4664

## SUMMARY

Background of ten years in IT, with strong theoretical training and diverse experiences.  
Expert in analysis, architecture and development of web systems, mainly for corporate, commercial and financial sectors. With some successful experiences in leadership and project teams.

## EDUCATION

### Information of Technology

*Four-year College (USA) / UNICAMP - State University of Campinas / Limeira-SP / Mar-2001 until Dec-2006.*

### Administration

*Technician / CEETEPS - State Technical College / Limeira-SP / Feb-2002 until Nov-2002.*

### Information of Technology

*Technician / CEETEPS - State Technical College / Batatais-SP / Feb-1999 until Jul-2000.*

## RECENT PROFESSIONAL EXPERIENCE

### Bank PSA Finance S.A.

*Senior Developer Analyst / São Paulo-SP / since Feb-2008.*

#### Main Activities:

- Analysis, model design and developer of intern financial systems with web interface (Audit, Balance, Calculation of Interest, etc).
- Survey and definition of technical standards and procedures, documentation in general.
- Leadership, accompaniment, software requisite survey and projects validation.
- Contact with external suppliers of systems and data.

Technologies: *PHP4 and PHP5, Cakephp, Javascript/Ajax, HTML, CSS, Apache, MySQL5, Subversion (SVN), Windows 2000/Vista, Linux, Eclipse, Notepad++, DBDesigner, LDAP, UML, MER, OOP, MVC.*

### Bank Credit Suisse

*Senior Developer Analyst / São Paulo-SP / Sep-2007 until Nov-2007.*

#### Main Activities:

- Maintenance of older financial systems (VBA, VB6).
- Development of intern infra and financial systems (C#.Net 2.0).
- Analysis and model design of software projects and IT Infrastructure.
- Analysis and comparison of commercial software solutions.

Technologies: *C-Sharp (.NET 2.0), VB6/VBA, IIS/SharePoint, SQL Server, Oracle, SourceSafe, Team Foundation, Visual Studio 2003/2005, Windows XP, IBM Rational ClearCase, CA Erwin DM, IBM Rational Rose DM, Assinatura Digital, UML, MER, OOP.*

### Linear Math Softwares

*Senior Developer Analyst and Project Leader / Campinas-SP / Nov-2005 a Mai-2007.*

#### Main Activities:

- Analysis and model design of relational databases (Sqlite, MySql).
- Software requisite analysis and software UML modeling.
- Architecture and development of multi-platform, multi-language systems, etc.
- Consulting in software models.
- Leadership of project and team in open source development.

Technologies: *Python 2.4, Javascript/Ajax, XHTML, CSS, W3C Standards, Apache, IIS, MySQL5, Subversion (SVN), Windows XP, Linux, Stani's Python Editor, Notepad++, DBDesigner, UML, MER, OOP, Web 2.0.*

### CPqD Telecom & IT Solutions

*Junior System Analyst / Campinas-SP / Jan-2005 a Jul-2005.*

Technologies: *Windows/Unix, Script Shell, IBM Rational ClearCase, Telecom Billing, CPqD Revenue Match.*

## MAIN COMPLEMENTARY EDUCATION COURSES

- Web Development using PHP (UNICAMP-CCUEC / 18 hours / Aug-2004).
- Image Generation to Web (UNICAMP-CCUEC / 15 hours / Apr-2004).
- Microsoft .NET Platform (UNICAMP-CESET / 40 hours / Oct-2003).

## LANGUAGES

- **Brazilian Portuguese** (Native).
- **English** (Intermediate Level: Good written and reading. / Ongoing / Cultura Inglesa School).
- **French** (Start Level / Ongoing).

## PROFILE AND SKILLS

- Good Ability of synthesis and objectivity. Tranquillity to give and to accept feedbacks.
- Easiness to write and to apply trainings, presentations, negotiations and meetings.
- Easiness with organization of reports, charts, statistics and financial systems.
- Self motivated, serene, committed, organized, creative, versatile, pro-active and focused.

## MAIN KNOWLEDGE AND EXPERIENCE

### Environment Development

- Web Server Application: Microsoft IIS/SharePoint, Apache, Zope.
- Web Framework: Cakephp (MVC Architecture).
- Programming Environment (IDE): Eclipse, Stani's Python Editor, MS Visual Studio 2003/2005.
- Databases (dev.): MS SQL Server, MySQL, Sqlite.
- Databases (admin.): MySQL, Sqlite, MS SQL Server 2000/2005.
- SQL Front-End: MySQL Tools, MySQL PhpAdmin, SQL Server Enterprise Manager, SQL Server Management Studio, SQL Plus.
- Version Controls: CVS, Subversion (SVN), IBM Rational ClearCase, MS SourceSafe 6.0, MS Team Foundation.

### Programming

- Web Interface and Standards: W3C XHTML/CSS, Javascript (Ajax) – Web 2.0, Usability, Tableless, WYSIWYG layout tools.
- Web Programming Languages: PHP 4 e 5, ASP, Python ServerPages.
- Programming Languages: Python 2.4/2.5, C-Sharp (C#), J2SE.
- Concepts: Design Patterns, Object/Service/Aspect Orientation, development using Multi-layer/MVC, Web 2.0, Web Services, XML, LAMP, Internalization (i18n).

### Analysis e Architecture

- Data Model Design: DbDesigner (Database Model), CA Erwin DM, IBM Rational Rose DM.
- Systems Model Design: Rational Rose, Poseidon for UML.
- Concepts: Entity-relationship Model (MER), UML, RUP, Extreme Programming, Open source.
- Corporate Concepts: CRM, BI, ERP and organizational concepts.

### Computer Platforms

- Operating Systems: Windows 3.11/95/98/98SE/Me/NT/2000/2003/XP/Vista (32/64 bits), Linux Debian/Ubuntu/RedHat/Suse/Kurumin.
- Platforms: Intel x86, x64 and compatible, Nokia S40/S60/S60v3.

### Infrastructure and Network

- Infrastructure: hardware configurations, virtualization, etc.
- Network: HTTP/HTTPS, UDP, TCP/IP, FTP/SFTP, POP/SMTP, SSH, LAN/WAN, Web Domains, DNS, Fast CGI, etc.

### Office and Other

- Tools: Microsoft Office, OpenOffice.org (BrOffice.org), IBM Lotus Notes.
- Images/Layouts: Corel Draw, Fireworks and others.
